Founder's Address

Adeyinka Daniel Damilare

Founder/Director

At a defining moment in our global history where polarization, insecurity, and social fragmentation increasingly shape societies the imperative for sustainable peace has never been more urgent.

The Daniel Damilare Peace Foundation was established in response to this reality: as a strategic platform committed to advancing peacebuilding, strengthening social cohesion, and equipping individuals and institutions with the tools to transform conflict into pathways for justice and development.

Our approach is grounded in the understanding that peace is not incidental it is deliberate, systemic, and requires sustained investment in people, knowledge, and institutions. Through research-driven interventions, youth engagement, interfaith dialogue, and community-based programming, we are contributing to a growing ecosystem of actors working toward resilient and peaceful societies.

This work is made possible through strong governance and collective commitment. I extend my sincere appreciation to our Board for their strategic oversight and leadership, and to

our team whose professionalism and dedication continue to drive operational excellence. We also recognize our partners across educational institutions, civil society, and local communities, whose collaboration reinforces the shared responsibility of building peace.

As we look to the future, our focus remains on scaling impact, deepening partnerships, and contributing meaningfully to national, regional, and global peacebuilding efforts.

The task before us is significant, but so too is the opportunity to shape systems, influence narratives, and empower a generation capable of sustaining peace.

About Us

The Daniel Damilare Peace Foundation, proudly registered with the Corporate Affairs Commission of the Federal Republic of Nigeria, was founded on January 22, 2024. This foundation was born from a deep burden for fostering peace in our communities and creating a society where peace education, social justice, and harmony thrive.

Our founder, Mr. Daniel Damilare Adeyinka, has always been deeply passionate about promoting a peaceful world. This passion is evident in his academic pursuits and active involvement in peace-building initiatives. Witnessing the challenges facing Nigeria, where a lack of understanding about peace, conflict resolution, and effective communication skills has fueled divisions he was inspired to establish this foundation to address these pressing needs.

The Daniel Damilare Peace Foundation is dedicated to promoting peace, harmony, social justice, and advocacy. Our mission is to nurture a culture of peace by raising an army of peace advocates who believe in the transformative power of understanding, empathy, and dialogue.

And to the organizations, schools, and communities we have had the privilege to work and partner with during our outreaches and project, thank you for opening your doors and hearts to our message of peace. You are invaluable partners in this mission.

Mission Statement

OUR GOAL

Our world needs peace now more than ever. Our goal is to create a powerful global culture of peace. We are committed to raising awareness and promoting understanding, unity, and effective conflict resolution.

OUR VISION

A World where individuals, communities, and nations coexist in perfect harmony, where diversity is celebrated, and where conflicts are resolved through peaceful dialogue and cooperation.

OUR MISSION

To empower individuals with the knowledge and resources they need to actively engage in promoting peace through technology, research, education, and advocacy. Our efforts will inspire a collective commitment to understanding, empathy and dialogue as essential tools for resolving conflicts and building a more peaceful world. Join us in this important mission and let's create a better future for all.

AIM

To establish the Daniel Damilare Peace Foundation as a leading global organization promoting a culture of peace, empowering individuals and communities through technology, research, education, and advocacy to foster a more harmonious and peaceful world.

OBJECTIVES

Peace Education and Awareness | Empowerment through Technology
Research and Advocacy | Community Engagement and Partnerships
Resource Mobilization | Capacity Building | Monitoring and Evaluation

What We Do

OUR METHOD FOR LASTING PEACE

DDPF employs a multi-faceted approach to peacebuilding, combining immediate conflict intervention with long-term educational and advocacy initiatives.

ADVOCACY & POLICY ENGAGEMENT

We actively engage with policymakers and stakeholders to drive legislative reforms that promote peace and justice. By championing policies that address structural inequalities, we ensure that the voices of marginalized communities are heard at the highest levels of government.

PEACE EDUCATION & CAPACITY BUILDING

Education is the foundation of lasting peace. We implement comprehensive peace curriculums in schools and conduct capacity-building workshops for community leaders, equipping them with the tools of empathy, active listening, and non-violent communication.

INTERFAITH DIALOGUE & COOPERATION

Bridging the divide between different faith communities is central to our mission. We facilitate interfaith dialogues that promote mutual respect and cooperation, helping to dismantle stereotypes and build a united front against religious intolerance.

CONFLICT MEDIATION & RESOLUTION

We facilitate dialogue in polarized environments, helping parties navigate complex disagreements through neutral, professional mediation. Our goal is to transform destructive conflict into constructive collaboration.

SOCIAL IMPACT & COMMUNITY DEVELOPMENT

We believe that peace cannot thrive without development. Our social impact initiatives focus on empowering communities through economic opportunities, infrastructure support, and youth empowerment programs, creating a stable environment for peace to flourish.

EVIDENCE (RESEARCH-DRIVEN ADVOCACY)

We generate and translate credible research into strategic influence. At DDPF, evidence is not static—it is mobilized to shape public discourse, inform policy, and challenge systems of injustice. Through data-driven storytelling, media engagement, and policy advocacy, we ensure that research becomes a catalyst for peace, equity, and social transformation.

VOICE (CONFLICT DOCUMENTATION)

We amplify truth with integrity. DDPF documents conflict, violence, and social injustices with precision and ethical responsibility, centering the lived experiences of affected communities. By preserving these realities, we strengthen accountability, elevate marginalized voices, and contribute to national and global peacebuilding efforts.

ACTION (HUMAN-CENTERED RESPONSE)

We turn insight into impact. Our work goes beyond analysis to deliver people-centered responses that prioritize dignity, healing, and resilience. Through community engagement and sustainable interventions, we address immediate needs while advancing long-term peace, justice, and systemic change.

Our Impact So Far

In over 2 years of inception, the foundation has reached and educated over 5,000 individuals including children, teenagers and adults. Our outreach efforts have extended to:

Higher Institutions: Like the Kwara State College of Nursing Sciences, KWASUTH, Ilorin Kwara State, Nigeria.

Correctional Centres: Like Borstal Training Institute of the Nigeria Correctional Centre, Ilorin, Kwara State.

Our Impact So Far

Internally Displaced Persons (IDPs): Offering hope, education, and practical skills for peaceful coexistence.

Secondary Schools: Teaching young minds the importance of peace, tolerance, and effective communication.

Government and Security Agencies: Collaborating with organizations like the Nigeria Immigration Service (Ilorin) and the Nigeria Air Force HQ (Ilorin) to strengthen their roles as advocates of peace in their communities.

Our Webinars

What started as a single webinar has grown into a movement of thought leadership and transformation. Through our 8 impactful webinar editions, we have created safe spaces where critical issues are not just discussed but deeply examined and addressed by experts with real-life experience, offering depth, relevance, and practical solutions.

From tackling extremism and disinformation to promoting interfaith harmony and environmental peacebuilding, these conversations are shaping new narratives for Nigeria and beyond.

**TOGETHER, WE ARE AMPLIFYING IMPACT
ACROSS COMMUNITIES AND BORDERS.**

Through DDPF Voices, we invite writers, professionals, and thought leaders to:

- ★ Share ideas on peacebuilding and social justice
- ★ Contribute to meaningful conversations
- ★ Inspire change across industries

This is more than publishing. It is advocacy. Be Part of the Change

Peacebuilding requires more than passion—it requires partnership.

Ongoing Projects

◆ PEACE CLUBS INITIATIVE IN HIGHER INSTITUTIONS AND SECONDARY SCHOOLS

We are raising a new generation of peace ambassadors by establishing Peace Clubs in schools and higher institutions. These clubs are more than groups—they are incubators of leadership, dialogue, and transformation. But we cannot do this alone.

Your support will provide:

- ★ Training and guideline materials
- ★ Learning resources and creative tools
- ★ Branded items that build identity and belonging
- ★ Scholarships for committed young leaders

◆ SENCHI COMMUNITY PEACEBUILDING PROJECT IN KEBBI STATE

The Senchi Community Peacebuilding Project is a community-driven initiative addressing farmers-herdsmen conflict, interreligious tensions, and environmental degradation through an integrated model of dialogue, eco-peacebuilding, and interfaith collaboration. Implemented by the Daniel Damilare Peace Foundation (DDPF), the project brings together Christian, Muslim, and Traditional faith leaders, alongside farmers, herdsmen, youth, and women, to restore trust, reduce conflict, and strengthen community resilience.

The project builds on peacebuilding work initiated by DDPF in Senchi in 2024, including community research, listening sessions, and consultations that confirmed both conflict risks and strong community willingness to engage. Our participation in the United Religions Initiative's Peacebuilding through Earth Restoration Learning in Action Series further strengthened the project design by highlighting the central role environmental stress plays in fueling local tensions.

As a result, the project applies an eco-theological framework that treats care for the land as a shared spiritual and social responsibility. Through interfaith and farmers-herdsmen dialogue forums, joint tree planting and community clean-up activities, and the training of local Peace and Eco Ambassadors, the project seeks to transform environmental restoration into a practical peacebuilding tool and establish sustainable, community-led mechanisms for conflict prevention.

◆ SCHOOL OUTREACH IN LAGOS, KWARA AND ABUJA, NIGERIA.

We are taking peace education directly to students—because the earlier we teach peace, the stronger the future becomes.

With your support, we can reach more schools and provide:

- ★ Educational materials and peace guidebooks
- ★ Branded learning tools and souvenirs
- ★ Logistics support for outreach teams
- ★ Every child reached is a conflict prevented.

Our Organizational Needs

To scale our impact and deepen our reach across Nigeria and beyond, DDPF is seeking support in the following critical areas:

1. Program Expansion & Implementation

Funding to scale peace education, school outreach, and interfaith dialogue programs
Resources for nationwide training of youth and religious leaders

2. Mobility & Field Operations

Project vehicles (not just a bus) to support fieldwork, community engagement, and rapid response initiatives
Travel support for outreach in rural and conflict-prone areas

3. Research & Knowledge Development

Support for data collection, policy research, and publications on peacebuilding and social cohesion
Development of a Peacebuilding Resource Hub

4. Digital & Media Infrastructure

Equipment for media production (cameras, audio tools, editing systems)
Strengthening online learning platforms and digital advocacy campaigns

5. Institutional Capacity Building

Staff training and development
Administrative and operational support systems
Monitoring & Evaluation (M&E) tools and expertise

6. Partnerships & Strategic Engagement

Support for stakeholder engagement (government, NGOs, faith institutions)
Hosting conferences, dialogues, and policy roundtables

7. Office & Operational Infrastructure

Functional office space and equipment
ICT infrastructure to support remote and hybrid operations

“We believe that with the right partnerships and resources, DDPF can drive a transformative peace movement across Nigeria and Africa.

Partner With Us

Collaborate with us to expand our reach and deepen our impact.

Your support fuels:

Education
